VOLUME CVI.---NO 191. ALEXANDRIA, VA., MONDAY EVENING, AUGUST 14, 1905. PRICE 2 CENTS.

$1000 REWARD

Is offered as a guarantee that neither

Dr. Pierce's Favorite Prescription

NOR

Dr. Pierce's Golden Medical Discovery

contains alcohol, opium, or any harmful drug. Any one publishing false statements concerning their ingredients will be prosecuted. Doctor Pierce's Family Remedies are compounds of medicinal principles, scientifically extracted from native roots that cure the diseases for which they are recommended. They are medicines which have enjoyed the public confidence for over a third of a century. They are medicines not beverages, made to satisfy a craving for "booze."

"Golden Medical Discovery" regulates and invigorates stomach, liver and bowels, and cures dyspepsia, purifies the blood and tones up the system generally.

"Favorite Prescription" cures female weakness, irregularities, exhausting drains, painful periods and kindred ailments peculiar to women. Accept no substitute for these medicines, each of which has a record of marvelous cures. Substitution means selfishness on the part of the dealer who is looking for the greater profit on an inferior article.

"Our daughter who was attending college became very nervous and we were advised to try Dr. Pierce's Favorite Prescription," writes Mrs. M. C. Fox, of 57 E. Leonard St., Grand Rapids, Mich. "We did so and then you advised us to get the 'Golden Medical Discovery' also. She took four bottles of the 'Prescription' and three of the 'Golden Medical Discovery, and you never saw such a change in a person. She said she did not feel like the same person. She was about seventeen years old at the time. I will gladly recommend Dr. Pierce's medicines to every one. I advise parents who have young daughters who suffer from nervous troubles to try Dr. Pierce's Favorite Prescription at once. I am sure it will help them."

$50,000 GIVEN AWAY, in copies of The People's Common Sense Medical Adviser, a book that sold to the extent of 500,000 copies a few years ago, at $1.50 per copy. Last year we gave away $30,000 worth of these invaluable books. This year we shall give away $50,000 worth of them. Will you share in this benefit? If so, send only 21 one-cent stamps to cover cost of mailing only for book in stiff paper covers, or 31 stamps for cloth-bound. Address Dr. R. V. Pierce, Buffalo, N. Y.

NIP IT IN THE BUD.

First Appearance of Dandruff a Forerunner of Future Baldness.

That such is the case has been conclusively proven by scientific research. Prof. Unna, the noted European skin specialist, declares that dandruff is the burrowed-up cuticle of the scalp, caused by parasites destroying the vitality in the hair bulb. The hair becomes lifeless, and, in time, falls out. This can be prevented.

Newbro's Herpicide kills this dandruff germ, and restores the hair to its natural softness and abundancy.

Herpicide is now used by thousands of people—all satisfied that it is the most wonderful hair preparation on the market to-day.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

E. S. Leadbeater & Sons, Special Agents.

STRONG Again

is what Mrs. Lucy Stovall, of Tilton, Ga., said after taking Kodol Dyspepsia Cure. Hundreds of other weak women are being restored to perfect health by this remedy. YOU may be well if you will take it.

Indigestion causes nearly all the sickness that women have. It deprives the system of nourishment and the delicate organs peculiar to women suffer—weaken, and become diseased.

Kodol Dyspepsia Cure

enables the stomach and digestive organs to digest and assimilate all of the wholesome food that may be eaten. It nourishes the body, and rebuilds the weak organs, restoring health and strength. Kodol cures indigestion, constipation, dyspepsia, sour risings, belching, heartburn and all stomach disorders.

Digests What You Eat

Dollar bottle holds 2½ times as much as the trial, or 50 cent size. | Prepared at the Laboratory of E. C. DeWitt & Co., Chicago, U. S. A.

W. F. CREIGHTON & SON, 924 Queen Street.

PROVE IT YOURSELF

A POSTER FOR THE FOOT

GOLDEN RELIEF

TEST

Secure free by mail a sample of Golden Relief Foot Powder. Put it in one of your stockings and in the other put any toilet, borated talcum, or so-called foot powder, and you will in one day prove that Golden Relief Foot Powder excels. It is not a mere toilet luxury. To any one suffering from tender, feverish, perspiring feet it is indispensable. It keeps the skin healthy, prevents chafing, and destroys all odor.

[Entered at the Postoffice of Alexandria, Virginia, as second-class matter.]

Lightning Freaks.

Miss Leta Cummell, of Philadelphia, who is visiting the home of William Bowers, in Nippennose Valley, Pa., was struck by lightning during the storm Friday afternoon and quite seriously injured. The bolt struck the chimney of the house, ran down the flue and into the stove. Miss Commell was seated directly by the side of the stove when the lightning struck her. Her clothing was literally torn into shreds, her shoes were ripped off and the lightning made a long deep cut in the sole of her left foot which laid the flesh open to the bone. She was not rendered unconscious, but was so shocked that she could neither speak nor cry out for some time.

Thunderstorms which have been occurring in Austria and Hungary have caused some remarkable fatalities.

Lightning struck a pillar of a church while a marriage service was being celebrated, and lamed the bridegroom, whose shoes was burned.

A cherry tree at Arzberg, near Graz, in which twelve boys were picking the fruit, was struck by lightning and six of the boys were killed. The remainder were uninjured.

During service in a church near Miskolcz a young priest was killed while preaching in the pulpit.

A house at Oberpuchberg, in Styria, in which twelve people were having dinner, was struck by lightning, and six of the occupants, sitting on one side of the table, were killed. The other six escaped, but were stunned.

Freed in Time to Attend Lawn Fete.

Walter W. Kenilworth, the palmist and astrologer, who, early last week, was arrested in Newport, R. I., and taken to New York at the instance of a woman claiming to be his wife, charged with grand larency, returned to Newport Saturday. He secured his liberty on bail, and Saturday afternoon was one of the features at the lawn fete given at the estate of Fred'k W. Vanderbilt. Before his arrest Kenilworth was greatly in demand in the cottage colony, and, claiming to hold a warrant as palmist to his majesty, the King of England, found that he had more than he could do. Although he was there but 10 days, in that time he entertained guests in the leading cottages of Newport, including that of Mrs. Cornelius Vanderbilt. He offered his services for the lawn fete Saturday afternoon, and when he was arrested it was thought that he would be unable to be present, but he turned up that morning and an Egyptian tent was pitched on the lawn, and it was besieged by the cottagers all the afternoon. Mr. Kenilworth would not talk about his arrest, except to insist that it is a case of blackmail.

Passion Play in France.

Catholics in France are flocking to Nancy, where a passion play, modelled on the lines of that at Oberammergau, but an entirely original work by the Abbe Petit, an honorary canon, is being performed. This spectacle is said to surpass anything previously attempted in the dimensions of the stage, number of performers, perfection of scenery and costumes and the devotional feeling of the actors. The play will be given every Sunday from August 30th to October 1st, weather permitting. It consists of sixteen scenes and eighteen tableaux, the latter consisting of living pictures, representing among others "The Last Supper," of Conardo da Unci; "The Entombment," "The Descent From the Cross," of Rubens, and "The Feast at Simon Peter's," of Paul Veronese. The performance will take place from half-past nine to eleven o'clock each morning and from fifteen minutes before one to four in the afternoon. The next representation will be in 1915.

"East Lynne" Under Difficulties.

While "East Lynne" was being rendered at a local park in York, Pa, Saturday, a woman shrieked, the play was interrupted and a bug was extracted from the woman's ear. The play proceeded, the villain asked the heroine to fly with him, there followed a crash and a small boy fell out of a window, carrying with him the sash. All went well untiil the third act, when a baby fell from a chair as the heroine was to pass into the great beyond. The orchestra had to drown the cries.

Cure for Blacksnake Blindness.

Whipped in the face by a big blacksnake while at an Evangelical Association camp-meeting at Kunkletown, Pa., a dozen years ago, and blinded the next moment, Miss Sarah Bonser, just out of her teens, is at a private hospital, and specialists now have hopes of restoring her sight. Almost ever since the mishap she has suffered from ulcerations of the eyesockets, and now that the surgeons have overcome that affection they will resort to a heroic operation to restore her sight.

Grave Trouble Foreseen.

It needs but little foresight, to tell, that when your stomach and liver are badly affected, grave trouble is ahead, unless you take the proper medicine for your disease, as Mrs. John A. Young, of Clay, N. Y., did. She says: "I had neuralgia of the liver and stomach, my heart was weakened, and I could not eat. I was very bad for a long time, but in Electric Bitters, I found just what I needed, for they quickly relieved and cured me." Best medicine for weak women. Sold under guarantee by E. S. Leadbeater & Sons, druggists at 50c a bottle.

DR. MOFFETT'S TEETHINA (TEETHING POWDERS)

Cures Cholera Infantum, Diarrhoea, Dysentery, and the Bowel Troubles of Children of *Any Age*. Aids Digestion, Regulates the Bowels, Strengthens the Child and MAKES *TEETHING EASY*.

Costs Only 25c at Druggists, or mail 25c to C. J. MOFFETT, M. D., St. Louis, Mo.

Mother! Hesitate no longer, but save the health and life of your child, as thousands have done, by giving these powders. TEETHINA is easily given and quickly counteracts and overcomes the effects of the summer's heat upon teething children.

Ball to Miss Roosevelt.

A grand ball was given Saturday night in the marble hall of the Government House, in Manila, in honor of Miss Alice Roosevelt by the citizens of Manila. It was the most brillant and elaborate function of the history of the city.

Miss Roosevelt wore a viceregal native gown, which was presented to her by several Filipino ladies, who were occupied for three months in making it. Thousands of people attended the ball, many of the foreign and American ladies wearing native costumes. Rear Admiral Enquist, of the Russian navy, and his staff were among those present. The Taft party sailed on the United States army transport Logan at 3 o'clock Saturday for a southern trip.

Cure for Leprosy?

American surgeons connected with the Board of Health of Manila declare that they have discovered a positive cure for leprosy. Of 25 cases treated, all have improved, six cases being absolutely cured. Several patients, portions of whose bodies were gone, have recovered. All of the case have been under observation for at least six months, and it is absolutely impossible to discover a trace of the germs of the disease in the blood of the patients. The method used is a sytem of x-rays. The surgeons do not desire their names to be mentioned at present. They will not ask for the rewards which have been offered by various governments for a cure for leprosy.

A Warning to Mothers.

Too much care cannot be used with small children during the hot weather of the summer months to guard against bowel troubles. As a rule it is only necessary to give the child a dose of castor oil to correct any disorder of the bowels. Do not use any substitute, but give the oldfashioned castor oil, and see that it is fresh, as rancid oil nauseates and has a tendency to gripe. If this does not check the bowels give Chamberlain's Colic, Cholera and Diarrhoea Remedy and then a dose of castor oil, and the disease may be checked in its incipiency and all danger avoided. The castor oil and this remedy should be procured at once and kept ready for instant use as soon as the first indication of any bowel trouble appears. This is the most successful treatment known and may be relied upon with implicit confidence even in in case of cholera infantum. For sale by Gibson & Timberman and W. F. Creighton & Co

Pleasantly Effective.

Never in the way, no trouble to carry, easy to take pleasant and never failing in results are DeWitt's Little Early Risers These famous little pills are a certain guarantee against headache, biliousness, torpid liver and all of the ills resulting from constipation. They tonic and strengthen the liver. Cure Jaundice. Sold by W. F. Creighton, & Co., 401 King street.

Soothing and Cooling.

The salve that heals without a scar is DeWitt's Witch Hazel Salve. No remedy effects such speedy relief. It draws out inflammation, soothes, cools and heals all cuts, burns and bruises. A sure cure for Piles and skin diseases. Dewitt's is the only genuine Witch Hazel Salve. Beware of counterfeits, they are dangerous. Sold by W. F. Creighton & Co., 401 King street.

FOR OVER SIXTY YEARS

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. DRY GOODS

This Week We Start a . . . .

Remnant and Odds and Ends Sale

That will surpass any we've ever before attempted.

The event of the season in which all present and even some future needs can be met at a worth-while saving.

It's the aftermath, really the climax, of our recent clearing sale, which has left in its wake an enormous amount of remnants and odds and ends. So great is the accumulation that we were prevented from holding this sale sooner in order that we may get the lots properly assorted. Needless to say everything has been marked for a quick clearance. In fact the remarkably low prices now bear absolutely no relation to early season values. There are big bargains at every turn, especially in Summer Wash Goods, Embroideries, Laces, Cottons, Calicoes, &c.

AND VIRGINIA ADVERTISER

MONDAY EVENING, AUG. 14, 1905.

PLANS for dealing with the private car lines and destroying the monopoly they now enjoy have been formed by the Interstate Commerce Commission, and, it is said, will be executed in the near future. The price of nearly every article of food has been raised by the exactions of this system. The private car system is one of the most burdensome forms of oppression to which the railroads are a party. Virtually all the facilities offered by the railroads for the shipment of perishable freight are controlled by these private car companies. In this monopoly, which includes nearly every refrigerator car in the country, the meat packing houses are the principals. They build refrigerator cars in great numbers and enter into exclusive contracts with the railroads for the hauling of them. Then, when the shipper of perishable freight—meat, fruit, vegetables and the like—wishes transportation facilities he is forced to deal with the private car companies, since the railroads themselves offer no facilities. The shipper must pay the railroad regular freight charges and, in addition, he pays to the private car company charter charges for the cars he uses.

ACCORDING to Senator Lodge, who has just returned from Europe, the United States is about to enter into a tripel alliance. England and France have recently buried past animosities and an understanding having been reached, the Senator now infers that the the United States is to enter the compact. The fact that Mr. Lodge is a member of the committee on foreign relations gives weight to his observations. People who still cherish the traditions upon which this country was founded have ever flinched when alliances were suggested, believing that George Washington was right when he warned our forefathers to beware of such movements. But the present commercial craze is calculated to sweep away any American safeguard in order to add to the millions of the trusts. Some suppose that the proposed alliance is a menace to Germany which is aspiring for commercial and naval supremacy; others to curb Japan in her dreams of Asiatic supremacy, while some think the object is to thwart China in her attempts to boycott other nations. Probably the understandidg between the three powers is for all the purposes named.

THE yellow fever situation is worse in New Orleans now than at any previous time since the disease broke out. Not only is the number of new cases reported by the Marine Hospital Service growing daily, but a large number of cases have been held back for further investigation, before any official report is made on them. The cases are scattered from one end of the city to the other, and the situation may be said to be critical. The Marine Hospital Corps have as yet failed to prove they are able to handle the conditions which they have to meet, and the fever is likely to remain until the frost comes. On every hand opinion is expressed that the disease was allowed to gain too great a foothold in the city before any strenuous effort was made to check it.

APPARENTLY the government management of the Panama Railroad is altogether bad. There is neither suitability of equipment and terminal facilities; adequate labor supply, nor expeditious use of the men and means at hand. There is very serious consequent complaint upon the part of shippers of freight not intended for government use. Possibly this condition of things may serve as an argument for the quicker building of the canal and establishment of uninterrupted water transportation, but it offers no encouragement for the friends of governmental control. In this connection the Philadelphia Record says: "There is no business quite so badly conducted as the public business. We are governed too much."

THE OPPRESSIVE weather for the past week culminated in severe electric storms at many places on the Atlantic seaboard yesterday. In some places people were killed by bolts and in others more or less damage followed storms. There were cooling northwest winds and refreshing rains in Alexandria late yesterday, minus the electrical disturbances which are the usual accompaniments of summer rains.

IT IS reported that Mr. Charles M. Schwab is preparing to go to Europe for a three months' study of continental shipbuilding industry, with a view, on his return to America, of putting into operation a system of shipbuilding plants along the entire Atlantic coast. He could not find a better site for one of his shipyards than at Alexandria.

THE Venezuelan Congress Saturday voted estimates amounting to $11,000,000, the main items being for the payment of foreign debts and the increase of the army and navy. Yet the jingoes say that Venezuela is trying to defraud her creditors.

From Washington.

[Correspondence of the Alexandria Gazette.]
Washington, D. C., August 14.

The State Department this morning received a dispatch from United States Consul General Rodgers, at Shanghai, China, in which he states that the foreign residents at Shanghai feared that the boycott of American goods would result in serious anti-foreign disturbances by irresponsible classes. Mr. Rodgers gives no further details, but it is surmised by officials of the State Department that there are indications in Shanghai of another outbreak similar to the Boxer troubles of five years ago. The boycott of American goods by Chinese merchants is, in the opinion of the State Department, assuming alarming proportions. It is feared that serious complications may arise between this country and China as a result. It was admitted today at the State Department for the first time that the United States has recently submitted a note to the Chinese government, worded in most positive terms, calling attention to the provisions of the Tientsin treaty which stipulates that American commerce shall be free and uninterrupted throughout China. The United States has informed China that she will be held responsible for any violation of this treaty. Just what will constitute a violation of the treaty is yet to be determined; but if it is found, for instance, that Wu Ting Fang, an official of the Chinese government, is back of the boycott, China would be held responsible and would be forced by this country to take drastic action to terminate the pernicious anti-American influence of Mr. Wu. There is no doubt but that the note just submitted by United States Minister Rockhill to the Pekin government is of a most positive character. While not so stated, it is the belief here that the note was prepared and sent to China by order of the President. It is known that the President is taking much interest in the boycott situation and that he has communicated several times with the State Department on this subject.

The State Department has ordered the furniture in the Diplomatic Room, the apartment in which treaties concluded in Washington have all been signed, renovated and put in good condition. The chairs and sofas of which there are several dozen in the big chamber, were origin lly covered with embroidered yellow upholstering of the most expensive kind. This upholstering has long been frayed and worn,. It may be the possibility that if the Peace Plenipotentiaries come to Washington after their sojourn at Portsmouth, they will have occasion to see the diplomatic room, which causes the long postponed reupholstering.

The Erie railroad officials changed the route of President Roosevelt's car Saturday, when they heard of a reported plot to blow him up on the way home from Chautauqua.

John Hyde, former chief statistician, bureau of statistics, Agricultural Department, said in a letter received at the department today from Southport, Eng., that he would come back to Washington after "a brief delay." He is wanted to testify before the grand jury in regard to the cotton crop report scandal. Hyde says that he is in bad shape from carbuncles, from which he is suffering, and must see the specialist. He came "for the express purpose of consulting." He adds that he has not been within two hundred miles of London and has not attended the International Statistical Institute. United States District Attorney Beach was given the letter before it was made public. He will probably cable to Hyde at once, urging return without further delay. Mr. Beach needs Hyde's testimony badly.

THE PEACE CONFERENCE.

Reports from Portsmouth, N. H., are to the effect that the first crisis in the peace negotiations has been safely passed. The prediction that the envoys would not reach a common ground for argument has failed, and the discussion of peace conditions has begun.

M. Witte said that there were twelve points to be considered, and they would require nearly a month.

M. Witte announced with emphasis that the Russians had not suggested an armistice.

The feeling has grown more hopeful.

The Russian envoys are anxious to make public the details of the discussions, but the Japanese insist on secrecy.

Although the Japanese plenipotentiaries wanted to work on Sunday, they followed the example set by the Russians and attended service at an Episcopal church.

The conferees failed to reach an agreement Saturday on the condition providing for the recognition of Japan's preponderating position in Korea.

Strong outside influences are at work on both sides, and the plan of having Russia practically satisfy Japan's claim of reimbursement for the cost of the war by purchase of the Japanese military evacuation of Sakhalin continues to be advanced.

It is reported that representatives of the banking-house of Kuhn, Loeb & Co. and Seligman & Co. will consult with M. Witte and Baron Rosen in regard to negotiating a Russian loan to pay an indemnity or purchase the evacuation of Sakhalin.

It is said that Japan's demand for "perponderating influence" in Korea formed the subject for the long discussion on Saturday

Joe Kendall Camp.

Wartime sentiment was revived at Bethel, Fauquier county, Saturday with the annual reunion of the Joe Kendall Camp of Confederate Veterans. Rain in the afternoon in no sense marred the proceedings. Major John W. Daniel and Rev. Dudley Powers were accorded an informal reception by the camp in the early part of the day.

Dr. Powers read an original poem, entitled "The Last Song of the Soldier," and at Commander Henry Cochran's request delivered a brief address. A. C. Braxton, of Staunton, was next introduced by Mr. M. M. Green, and eloquently dealt with his text, which was entitled "That Secession Was an Open Question in 1861."

Senator Daniel was introduced by Dr. Powers, his masterful oratody impressing every one. His subject was, "The Civic and Military Life of William Smith." His appeal to the young men of the South to take advantage of the many opportunities offered them was a striking feature of the latter part of his speech.

The resignation of Col. Charles H. Ingram, revenue agent in Richmond, has been requested by the Commissioner of Revenue. It is reported that there will be radical changes in the collector's office there.

News of the Day.

Lord Curzon's impending resignation of the Indian viceroyalty is rumored more positiveiy than ever.

President Roosevelt is authority for the statement that Congress will probably not be called together in extra session.

Fever statistics in New Orleans are as follows: New cases yesterday, 50; total cases, 963; deaths yesterday, 12; total deaths; 154.

Bishop A. Coke Smith, of the Southern Methodist Church, is ill with tuberculosis at Asheville, N. C., and there is little hope for his ultimate recovery.

Many of the congressmen with Secretary Taft's party who were opposed to a reduction of the Philippine tariff are now in favor of free trade with the islands.

Traffic is tied up on the Chesapeake and Ohio canal as the result of a serious washout in the towpath on what is known as the four-mile level, between Big Slack Water and Kertoots Lock, near Sharpsburg, Md.

One of the greatest horse races of the year was run at Saratoga, N. Y., Saturday afternoon, when James R. Keene's Sysonby fully justified his title of king of the turf in winning the Great Republic stake worth $39,000 to his owner.

The Venezuelan government has signed a $1,000,000 contract with the Schneider Company, of Creusot, France, for eight batteries of 75-millimetre campaign guns and four batteries of mountain guns of the same calibre.

Helen Elster, who was not thirteen years old, died in the Post-graduate Hospital, in New York, Thursday night, but her girl baby that came into the world as Caesar did, is doing well in the hospital, and is expected to live.

While Thomas O'Hara, of Jersey City, was bouncing his eight-months-old daughter Ellen on his knee at his home last night, the child wriggled out of his grasp and pitched headlong out of a fourth-story window. She struck on her head in the rear yard. She died 30 minutes later of a fractured skull.

Two cases of cerebro-spinal meningitis, or spotted fever, in which both victims are boys who frequented the public bathhouse, in Philadelphia, have led Dr. Francis Pounds to believe there are germs of the dread disease in the pool, and he will ask the Bureau of Health to investigate. Both boys were seized with convulsions just after returning from the bath.

Charles McLaurin, a relative of Senator McLaurin, is dead at Fanning, Miss., and Ernest Moss, the postmaster, is barely alive as the result of a duel Saturday night. Bad blood existed between the two men over the postmastership of the town. The duel was fought with a Winchester and a revolver. The men fired several shots at each other, each being badly wounded in the abdomen.

With her eighteen-months'-old baby peacefully sleeping in her death-rigid arms, the body of Mrs. James E. Daley was found yesterday, shot to death in a saloon in Chicago by her husband, a bartender. The wife upbraided Daley for his attentions to other women. He shot her in the presence of their baby daughter, and left the dead woman and the child in the barrooom. Daley was arrested in a saloon near by. The police hurried Daley to a police station to prevent infuriated neighbors from attacking him. Daley said he killed his wife "because she did too much rubbering."

VIOLENT STORMS.

Widespread damage was caused by a thunderstorm of unusual violence, accompanied by a high wind and a deluge of rain that burst over New York and vicinity yesterday.

A boathouse at the foot of west 152d street, in which a large number of persons had taken shelter, was struck by lightning and Miss Jeanette Free, aged twenty years, was instantly killed. A dozen other persons were rendered unconscious, but quickly revived, sustaining no injuries.

A Webster avenue trolley car, carrying nearly a hundred passengers, was struck, the lightning running down the trolley pole and grounding through the tracks. Although the car and its occupants were unscathed, the detonation that accompanied the shock precipitated a panic among the passengers, who struggled frantically to escape. Fourteen persons, almost all women, were injured, nine of them so seriously that they had to be removed to a hospital. After the bolt struck, the car continued running at high speed and most of those hurt received their injuries by jumping or being pushed from the platforms.

In the harbor the storm was cyclonic in its fury, and many small boats were capsized.

Five hundred immigrants were in danger for an hour when two barges on which they were brought away from the dock at Ellis Island, New York, were blown down the bay, pitching and rolling in the heavy sea. Three tugs grappled the barges and succeeded in holding them until the storm subdued.

At Fort George the machinery of the big Ferris wheel stopped just as the storm broke and nearly a hundred panic-stricken men, women, and children were suspended aloft for fully an hour, exposed to the full fury of the wind and rain.

One death and three cases of prostration resulted from the heat, which was intense before the storm broke.

Paterson, N. J., Little Falls, Clifton, and other neighboring places which are supplied by the public service corporation's local lighting plant were in darkness last night. The big switchboard which controls the twenty-two lighting circuits centering at the power house was burned out during a severe thunderstorm yesterday evening.

Norway Against Union.

The Norwegian people in a referendum taken yesterday pronounced in favor of the dissolution of the union with Sweden with remarkable, though not unexpected, unanimity. Of 450,000 voters 320,000 cast ballots. While the full result will not be known for some hours, up to midnight returns showed that about 1 person in 3,000 voted against the dissolution. The next official steps will be taken after the Storthing meets on August 21, when the result of the plebiscite will be communicated to Sweden through the Swedish Cabinet and the Riksdag. At midnight reports from 176 places showed a vote of 95,935 for and 37 against dissolution.

All the necessary money having been subscribed, the Jefferson Hotel in Richmond will be rebuilt.

Virginia News.

Rev. Herbert M. Hope has announced himself a candidate for the House of Delegates.

According to a bulletine of the Census Bureau the commercial value of the railroad property in Virginia is 211,-315,000.

Rowland H. Latham, of Onancock, has been elected instructor in physics at the University of Virginia, to succeed Dr. William J. Humphreys, resigned.

Mrs. Anna Bull Reveley died at her home, Rebel Hall, in Orange, Saturday, after an illness of several months, aged sixty-one years. She leaves two daughters, two sisters, and one brother.

Rev. Edward H. Ingle, rector of Christ Episcopal Church at Millwood, Clarke county, has accepted a call to an English church in southern France, and will leave in October for that country.

Henry Thompson, colored, whose mother was one of the 999 servants freed by "King" Carter, died at his home near Front Royal Saturday, aged 100 years. He was born in Tidewater Virginia.

John H. Dulin, a well-known attorney of Woodstock, died Saturday night at the residence of his father, George C. Dulin, near Leesburg, after a short illness from typhoid fever, aged about 30 years.

It is said that the rural mail boxes furnished by a Lynchburg firm do not come up to the samples, and the manufacturers have been notified by the government to at once replace the defective boxes and cease selling boxes of that pattern.

A wind and rain storm of great violence swept over the Norfolk section yesterday and trees and street cars were struck by lightning, but nobody was hurt. Several small vessels came to grief in Hampton Roads. The rainfall was phenomenally heavy.

The adventures of Nora Carter, of Staunton, and Pierre Taulelle, of Washington, are hastening rapidly to a happy termination. After a heated argument with her guardian, at police headquarters in Washington, yesterday, he withdrew his objection to the match and the young people will be married tomorrow in St. Patrick's Church.

John W. Richards, the alleged murderer of Maurice Francis, of Roanoke, who was killed from ambush while en route to visit his fiancee at Simpson, was removed from the Christiansburg jail to Floyd, Saturday night, where he will be held pending the preliminary hearing. There was no demonstration there and no talk of violence.

It is said in Washington that there is but little doubt that the resignation of Judge Lewis, as United States District Attorney, will be accepted by the President. It is likely, however, that his assistant, Robert H. Tally, will succeed him, and that it will be with the understanding that Judge Lewis is to be reappointed when he becomes an available man for the position again.

TERRIBLE ACCIDENT.

A fast eastbound passenger train on the Nickel Plate road collided with a west-bound freight early yesterday at Hishman, Ohio, near Vermillion, resulting in the death of twelve persons, while at least twenty-five others were injured, eight of whom will probably die. The wreck, according to the officials of the company, was caused by a misunderstanding of orders or neglect to obey them on the part of the crew of the freight train.

Aside from the engineer, the men killed on the passenger train were all riding in the smoking car at the head of the train, and were mostly foreign laborers in the employ of the Standard Oil Company. Engineer Poole, of the passenger train, was killed at his post. His fireman, Haefner, saved himself by jumping. The engineer and fireman of the freight train saved themselves by jumping.

The high speed of the passenger train threw its locomotive and first three coaches over on the engine of the freight train, telescoping the smoker and the car following. The forward cars of the freight train were splintered to fragments.

Of the passengers in the smoker, none escaped injury. The heavy timbers of the wrecked cars pinned down many and prevented them from getting out until assistance arrived.

When the trains came together almost everybody in the smoker was dozing. The sudden jar hurled them out of their seats into the aisle and threw several persons to the roof and sides of the car, which seemed all once to collapse. The passengers in the second car escaped more easily. The two rear cars were sleepers, and they withstood the shock without suffering serious harm. No passengers in the sleepers were injured.

President Caniff, of the Nickel Plate states that from the information in the hands of the officials, the freight train had orders to go on the side track at Kishman and there await the passage of the passenger train. Why this was not done in time to permit the passenger train to go by, or a flagman sent out, has not yet been learned.

It is said that the watch of the engineer of the freight train was slow, and that the engineer believed he had eight minutes to get his train on the siding before the passenger train was due. The freight train had slacked speed and was about to back in on the siding from the main track when the passenger train came tearing along at the rate of forty-five miles an hour and dashed into it.

How's This?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure,

F. J. CHENEY & CO., Toledo, O.

We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by his firm.

WALDING, KINNAN & MARVIN,
Wholesale Druggists, Toledo, O.

Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price 75 cents per bottle. Sold by all druggists.

Take Hall's Family Pills for constipation.

The Only Way.

There is no way to maintain the health and strength of mind and body except by nourishment. There is no way to nourish except through the stomach. The stomach must be kept healthy, pure and sweet or the strength will let down and disease will set up. No appetite, loss of strength, nervousness, headache, constipation, bad breath, sour risings, rifting, indigestion, dyspepsia and all stomach troubles that are curable are quickly cured by the use of Kodol Dyspepsia Cure. Kodol digests what you eat and strengthens the whole digestive apparatus. W. F. Creighton & Co., 401 King street.

Today's Telegraphic News

Sensation Expected.

[Special Dispatch to the Alexandria Gazette.]

Richmond, Va., Aug. 14.—A big sensation is expected this afternoon in connection with the local election frauds. A citizen offers to make affidavit that he heard a grand juror, who signed the majority report, say that he had no objection to the publication of the minority report if held up until after the State primary.

The Peace Conference.

Portsmouth, N. H., Aug. 14.—The events of the past week have demonstrated that Russia intends to contest every Japanese claim inch by inch. Nothing is to be taken for granted, and no concession will be made except after thorough discussion. Russia will use every argument to secure modifications, even in the matters in which, by general consent, Japanese interests are recognized as predominant. The striking attitude as developed in the consideration of the question of Japan's preponderance in Korea. Russia is not known to have any large vested interests in Korea; whereas, it is generally conceded that Japan by reason of continguity and commercial affiliation is naturally the dominant factor in the international affairs of the hermit kingdom. But Russia has consistently maintained that while she would respect the independence and territorial integrity of that kingdom, recognize Japan's preponderating influence therein, her right to improve the civil administration, protect her commerce and suppress insurrection in Korea by military force, if necessary, she has always insisted upon a mutual agreement not to make use of any part of Korean territory for strategical purposes and not to undertake on that coast any military works capable of menacing the freedom of navigation in the straits of Korea. It is still Russia's attitude, because she insists that the use of Korea by Japan for military purposes will eventually destroy the independence of that kingdom, and make it, to all intents and purposes, a part of the Japanese empire.

Japan has, on the other hand, given solemn promises to maintain the independence of Korea and before the war was willing to make pledges not to construct fortifications commanding the Korean straits. It is in the wording of the protocol covering the first Japanese demand, and with the object of securing the independence of Korea, that the envoys are now divided.

Russia now recognizes in these negotiations the desire of Japan to absolutely control the sea of Japan. If she can prevent the guarding of Korean straits by Japanese forts it would give her an outlet to the Pacific from Valdivostok in case she found it necessary for the establishment of peace to relinquish control of Saghalin island.

Russia's present contentions are almost precisely similar to those which precipitated the war, and she is now fighting over again at Portsmouth the same battle which she fought in St. Petersburg and Tokio two years ago, although at that time the question of Manchuria was more closely interwoven with that of Korea than it possibly is now.

Portsmouth, N. H., Aug. 14.—After a day devoted largely to rest and recreation the Russians and Japanese went to their quarters at the navy yard this morning at 9:30 o'clock to resume their pacific labors.

On arrival at the council chamber the usual salutations were exchanged between the rival delegations. The envoys at once proceeded to business. The discussion of Japan's proposed protecorate over Korea, which was begun on Saturday, was resumed. The consideration of this subject was in a more advanced stage than when the conference adjourned Saturday night, because, in the interim, there have been exchanges of ideas concerning the phraseology of the protocol which is to be drawn.

Both Russia and Japan had drafted their proposition and the discussion was at once opened on the comparision of these two papers with the idea of so framing the terminology as to meet the wishes of the two parties.

Up to 1:30 p.m. nothing had been received from the navy yard with regard to the proceedings of the negotiations. This is taken as an indication that no agreement has yet been reached on the Korean question, and that it is to be continued at the afternoon session, which begins at 3:30 p.m.

Portsmouth, N. H., Aug. 14.—M. Korostovich has just telephoned from the navy yard that article 1 has been agreed to, and that the conference then adjourned until 3 o'clock, when the second article will be taken up for consideration.

This news means that the Russian and Japanese envoys have been able to so phrase the protocol regarding the recognition of Japanese predominant interests in Korea and the establishment of a Japanese protectorate over that country, as to satisfy both governments.

The question to be under consideration this afternoon is understood to be that relating to the acquisition by Japan, on behalf of China, of the Chinese Eastern Railway.

It is understood there will not be much difficulty in reaching a satisfactory conclusion on the Korean subject, as both Russia and Japan are a unit on the general proposition of Japan's commercial and political preponderance in that country. It is expected that before the noon recess the broader and more important question of the evacuation of Manchuria by the Russians and the cession of the Chinese Eastern Railroad will be taken up.

Newcastle, N. H., August 14.—M. Witte is not nearly as pessimistic as to the ultimate result of the conference as are many of the newspapers and some of the members of his suite. He has had occasion to declare not only inside the council chamber, but outside of it, that he is anxious for peace if it can be secured with honor and dignity. He was very much irritated by repeated publications impugning his motives, putting words into his mouth which he says he has never uttered, and so construing words that he has spoken to his embarassment with the result of misleading the public and to the true status of affairs. His latest utterance in this connection was his most vehement. "It is a lie," he declared with great emphasis when told that he had been quoted as having expressed his belief that there would be no peace and that he had no real wish for it.

St. Petersburg, Aug. 14.—The public is becoming indifferent as to the progress of the peace negotiations being held at Portsmouth. The people are centering all their attention on the subject of internal reforms. The tone of the press continues to be bellicose, but lessening importance is being attached to the newspaper utterances, as they are considered to be largely in the nature of a "bluff."

The correspondent of the Publishers' Press is informed upon the highest authority that the Czar is working strenuously to bring about peace. It has been suggested here that the final end of the negotiations may be that Russia will give way to Japan on the question of an indemnity on conditions that the Japanese will return Saghalin to Russia.

Yellow Fever.

New Orleans, Aug. 14.—The yellow fever situation this morning is as follows: Forty-eight per cent. of 466 cases have been discharged as cured. Thirty-five per cent. of 343 cases are still under treatment. Altogether, up to last night, 933 cases had been reported.

Three new cases have been reported from Patterson, La., and one new case in Terribone parish. Near Houma, on the Ardoyne plantation, another new case has been reported with fever, being the second one to date. Doctors say the only reason negroes do not catch the fever is because their skins are so thick, they are not easily inoculated by mosquitoes.

One householder yesterday, who refused to allow the health officers to enter his premises and fumigate to kill mosquitoes, was arrested by the police. He offered fight with an axe, was hit over the head with a club, and put in jail. All property holders who do not screen their cisterns after three day's notice will be arrested and fined.

Doctors say that one cannot take two kinds of fever at the same time. Those who have malarial fever are held to be immune from yellow fever, while the temperature remains up.

The New Orleans parish medical secretary's refused to appoint a committee to examine and report on the experiments Dr. Reginald B. Leach, of St. Paul, will make this week to prove that arsenious acid is a preventative of yellow fever. It is believed that Dr. Leach, being a homoepathic, has had something to do with this refusal even if in an involuntary manner. The experiments will nevertheless be made. There are four volunteers, including one woman, upon whom Dr. Leach will experiment besides himself.

Jackson, Miss., Aug. 14.—No cases of yellow fever were reported in Mississippi today.

Expelling Revolutionists.

Geneva, Switzerland, Aug. 14.—Owing to strong representations which have been made to the authorities by the Russian and Turkish governments, the Swiss police have begun an active campaign against the revolutionary leaders, who for years have made their headquarters in Switzerland, and have directed the insurrectionary movements throughout eastern Europe from this country. The known revolutionary leaders are being arrested as fast as they can be found, and will be expelled from Switzerland. As the result of the unusual activity of the police these insurrectionists have either fled from the country or are in hiding until the storm shall have blown over. It has just developed that a fight between the police and certain anarchists occurred a week ago yesterday, as the result of an attempt to take certain much wanted revolutionary leaders into custody.

Deserter Among the Killed.

Cleveland, O., August 14.—When the Bellevue doctors and the Loraine policemen pulled the body of Joseph Alexander from a huge pile of debris caused by the collision of a fast eastbound passenger train and a westbound freight train at Kishman, O, in which a number of people were killed and injured yesterday, two blood stained letters and a little photograph button dropped out of his inside coat pocket. On the button was a picture of a man and a little child. When the letters were turned over to Coroner French, he opened one of them to discover if possible the address of Alexander's relatives. The letters revealed the fact that Alexander was a deserter from the United States navy and the United States authorities had been on his trail for a long time. The letter was from the young man's sister.

The Taggart Divorce Case.

Wooster, Ohio, Aug. 14.—When the Taggart trial was recommenced Monday morning, Captain Taggart was on the stand. At once the grilling that started at the beginning of the cross examination Saturday began. Every artifice to confuse and anger the witness was employed by Mrs. Taggart's attorneys. The drinking habit in the Taggart house hold, at Fort Leavenworth, was the subject of first questions. At adjournment the questions had led up to the night of June 30, at Fort Leavenworth, when Taggart is accused of assaulting his wife on her return from friends after midnight. They accuse him of tearing the clothes from his wife's body, and bruising her face.

Tiniest Twins Born.

Berwick, Pa., Aug. 14.—Remarkable twins, born in Columbia county, first saw the light of day in the village of Espy last week. The parents are Mr. and Mrs. Frank Swigart. The babies are boys, and are the smallest twins ever born in Pennsylvania. The larger of the two weighs four pounds exactly, and his head could be easily placed in a tea cup. The smaller weighs just thirty-two ounces. Its head is about the size of an ordinary apple, its fingers like match sticks and its eyes like small beads. The babies are apparently healthy. The parents have four other children, who are not by any means undersized.

Suicide.

Patterson, N. J., Aug. 14.—James Meyers, a silk weaver, 45 years of age, was today found dead in the woods at High Mountain. He had a bullet wound in his head, and a revolver was at his side. He had apparently shot himself in a sitting posture, leaning against a tree. The face was badly decomposed, and it was at first believed to be the body of Patterson's missing Mayor, Wm. H. Belcher.

They Appeal to Our Sympathies.

The bilious and dyspeptic are constant sufferers and appeal to our sympathies. There is not one of them, however, who may not be brought back to health and happiness by the use of Chamberlain's Stomach and Liver Tablets. These tablets invigorate the stomach and liver and strengthen the digestion. They also regulate the bowels. For sale by Gibson & Timberman and W. F Creighton & Co.

Young Woman Drowned.

London, Aug. 14.—A dispatch to the Central News from Paris says that Helen Dunlap Hunt, of Philadelphia, an artist, was drowned near Morlais today, while engaged in painting. The young woman had climbed upon some rocks and was so busily engaged in painting that she did not notice the tide rising until she was cut off from the land. She jumped into the water, intending to swim to the shore. In making the leap, however, she sprained her foot and was so greatly handicapped that she was unable to swim and was drowned.

This is the second accident occur within a week, where Americans in France have lost their lives, through being caught by the tide. On Friday Alan White, 18 years old, was caught while walking along the beach, at Palus, department of Cote, d Nord. He attempted to climb up the cliffs to escape and, when near the summit, fell, dying instantly.

Situation in Riga.

St. Petersburg, Aug. 14.—The situation at Riga, where a great strike has been in progress and where numerous scenes of disorder have been witnessed, is growing worse. Fifteen thousand workmen are out on strike, and as agitators are constantly at work trying to arouse the people, great concern is felt by the authorities and the better class of citizens who are fearful of rioting. The strikers have become so bold that agitators make speeches on the streets calling on the people to join the strike movement and urging the soldiers to revolt.

Will Not Sell Concession.

Brussels, Aug. 14.—King Leopold's secretary made the announcement today that J. Pierpont Morgan, of New York, acting at the request of the king, with whom he is interested in the Hankow-Canton Railway, in China, has decided not to sell the concession which the Chinese government is anxious to secure.

Japanese Repulsed.

St Petersburg, August 14.—General Linievitch, the Russian commander-in chief in Manchuria, telegraphs that on August 13, the Japanese made an attack upon the Russians along the Mandarin road at Jandylim Pass and in the valley of Shimudza, but were repulsed.

New York Stock Market.

New York, August 14.—The tone at the stock market was thoroughly strong, but sensational fluctuations in high-priced stocks were absent.

Triple Alliance.

Senator Henry Cabot Lodge, of Massachusetts, left Oyster Bay yesterday morning for his summer home at Nahant, after having spent the night at Sagamore Hill. He returned from Europe Saturday, and went to Oyster Bay directly at the request of the President.

"The President and I talked about everything under the sun," said Senator Lodge upon leaving. "I saw a great many officials while abroad, and I found this: France and Great Britain have such a thorough understanding now that it practically amounts to an entente cordiale. Those two powers are very close; and, also, both of them have a very warm feeling for the United States. More, I cannot say."

The inference from the Senator's remarks and tone as he spoke was that a very close entente between the United States and Great Britain and France was bound to come very soon.

"Do you think there will be an alliance between the three nations?" he was asked.

"Well, you know this country keeps free of alliances," he said.

The natural conclusion was that the future entente will probably be an alliance in everything but in name. Senator Lodge is a member of the committee on foreign relations in the Senate and is very close to the President.

There is reason to believe that Senator Lodge has to some extent ascertained what would be the attitude of France and England to the far Eastern situation should the peace negotiations fall through. It is supposed that the Senator has also examined European opinion upon our paternal relations to Santo Domingo.

Murderous Assault by a Negro.

Rev. Bernard Schulte and his wife, of New York city, were attacked at Mechanicsville, N. Y., Saturday night and probably fatally injured by a negro, who was yesterday shot and killed in Saratoga while resisting arrest.

Mr. Schulte went to Mechanicsville recently to take charge of the Episcopal Church during the absence of the rector, Dr. Newell, who is in Europe. Early Saturday evening William Curtis, a negro whose home is in Saratoga, presented himself at the door of the rectory and asked for a drink of water. Mr. Schulte was in the act of turning back to get the water, when the negro with a piece of lead pipe felled the clergyman with a terrific blow on the head, following this up with a rain of blows until his victim lay unconscious and apparently dead.

Mrs. Schulte, who was upstairs, hurried down on hearing her husband fall, and was met in the hall by the negro, who instantly struck her down before she could utter an outcry, and continued beating her with his heavy weapon until he had inflicted injuries from which she can hardly recover.

The clergyman and his wife were discovered, lying unconscious and covered with blood, by neighbors, and a search was made for the negro, who had been seen leaving the house.

Policeman James Sullivan found Curtis yesterday in Searings alley, a negro colony in Saratoga, and arrested him. The negro, however, broke away and ran and after firing one shot in the air to halt him, Sullivan fired again, shooting him through the head, and killing him instantly.

The condition of Mr. Schulte and his wife is said to be very precarious.

Fraud Exposed.

A few counterfeiters have lately been making and trying to sell imitations of Dr. King's New Discovery for Consumption, Coughs and Colds, and other medicines, thereby defrauding the public. This is to warn you to beware of such people who seek to profit, through stealing the reputation of remedies which have been successfully curing disease, for over 35 years. A sure protection, to you, is our name on the wrapper. Look for it, on all Dr. King's or Bucklen's remedies, as all others are mere imitations. H. E. BUCKLEN & CO., Chicago, Ill., and Windso., Canada, Sold by E. S. Leadbeater and Sons

Local Matters.

Sun and Tide Table.

Sun rises tomorrow at 5:12 and sets 6:56. High water at 7:29 a. m. and 7:58 p. m.

Weather Probabilities.

For this section partly cloudy tonight. Tuesday showers; light variable winds.

Elopement Frustrated.

Miss Kate Grayson, of Fauquier county, a daughter of Mr. George W. Grayson, a deputy collector in the internal revenue office in this city, and Mr. Thomas Allison eloped from Warrenton Saturday morning with the intention of being married in Washington. Mr. Grayson was at the depot in this city when the train arrived and intercepted the young couple as they were about to pass through Alexandria. At the same time that Mr. J. B. Grayson, of Warrenton, a brother of the young lady, wired the detective bureau at Washington, he notified his father in this city. Mr. Grayson compelled his daughter to accompany him to his boarding-house and young Allison followed at a safe distance and located the place that was to be temporarily his sweetheart's prison. Upon arriving at the boarding-house, Miss Grayson demurred against entering, but was finally persuaded by her father. It is said that as soon as Mr. Grayson got his daughter into a room on the second floor he turned the key in the lock and kept her there until time to start for the afternoon train for Warrenton. Allison remained in the neighborhood and, it is said, communicated with Miss Grayson while she was detained in the house. When Mr. Grayson and his daughter started for the depot about 4 o'clock in the afternoon, Allison followed, and the trio left on the same train. Allison says he will soon be 21 years old, when he will marry Miss Grayson. He has, he alleges, been paying attention to her during the past seven years.

Shot His Wife.

Considerable excitement was caused at the extreme southern end of Columbus street late Saturday night by the murderous act of a negro named Robert Reeve, who, after shooting and dangerously injuring his wife, flourished his pistol at persons who attempted to arrest him and finally made his escape in the direction of Hunting creek. Reeve, it is alleged, had been guilty of improper conduct toward his step-daughter, a young girl, and, being caught under suspicious circumstances by his wife, had been driven from the house by the latter. Reeve returned later with a revolver. He pushed open the door of the room where the mother was with her daughter and shot the woman in the leg. The screams of the daughter brought neighbors to the scene and the greatest excitement prevailed.

The woman was taken to the Alexandria Hospital, where she lies in a serious condition from loss of blood, the bullet having severed an artery.

About a year ago Reeve was arrested on complaint of his wife who charged him with attempting to make a criminal assault upon her daughter.

Recess Chancel.

The plans for the new recess chancel for St. Paul's Church have been drawn by Mr E. C. Dunn and the work thereon will be commenced at an early date by Mr. J. T. Harrison. A part of the east wall of the church will be taken out; the present chancel will be extended several feet and a handsome arch will be erected. In the new chancel a new organ, now being built for the church, will be placed. The organ is expected to be the largest, handsomest and finest in every respect in the city. The work on the church and organ is expected to be completed by Christmas.

Torrid Sunday.

The hot wave which settled over this vicinity about a week ago was in evidence yesterday, and the sultry conditions kept many people within doors most of the day. The usual sparse congregations were at the various places of worship. Between four and five o'clock in the afternoon ominous-looking clouds banked up in the northern and northwestern heavens, when the wind suddenly changed from the south to the northwest, and a brief but copious shower lowered the temperature, bringing much cooler conditions.

Burglars in the House.

A burglar entered the premises of Mr. Philip Didszoneit, on the east side of Fayette street, between King and Cameron, last night. The intruder was heard by Mr. Didszoneit, and the latter, after arming himself with a pistol, started after the burglar. The latter, realizing that he had been discovered, made his escape. This is said to have been the third attempt recently to rob the house.

Firemen's Convention.

The members of the Columbia, Reliance and Relief Fire companies are making preparations to leave here Wednesday morning for Harrisonburg to attend the annual meeting of the Virginia State Firemen's Association, which will be in session in that city three days. Meetings of the Columbia, Reliance and Relief companies will be held tomorrow night.

Sloop Robbed.

A sloop belonging to Captain Simmons was robbed on Saturday night while the boat was anchored in the river off the southern part of the city. Captain Simmons had recently received the contract for wrecking an old steamer and he had procured a number of tools to be used in the work and placed them aboard the sloop. All these were carried away.

Threw Lamp at Father.

A colored girl caused some excitement last night on Princess street, between Patrick and Henry, by throwing a lighted lamp at her father, with whom she had had an excited colloquy. A fire was started in the room, but people living in the neighborhood entered and soon subdued the flames.

Eclipse.

Tonight a partial eclipse of the moon will take place. It will be visible in this city. According to Eastern time, the eclipse will begin about 8 o'clock and end about 1:17 o'clock tomorrow morning.

New postal letter and package boxes have superseded the old ones throughout the city.

Personal.

Alderman Marbury and Councilman Baader have returned from a delightful trip to Atlantic City.

Mr. Aylett B. Nicol, of Manassas, son of Judge C. E. Nicol, will soon open a law office in this city.

Miss Rhoda B. Cooke, who has been the guest of her sister, Mrs. Walter Scott Passmore, has returned to her home in Alexandria, Va. During her stay in Birmingham she won many friends and was the recipient of much social attention.—[Birmingham Ledger.

Miss Catharine Dufley is visiting the family of Rev. S. V. Hildebrand, of Gainesville.

Miss Mary Louise Alexander and Charles McIndoe Langhorne were married at St. Matthew's Church in Washington Saturday. The bride is the granddaughter of the late Columbus Alexander, who for many years was identified with official life of the District of Columbia.

Mrs. Cora L. Wheatley has returned from a delightful trip to Philadelphia, Camden and Atlantic City.

Mr. W. H. Hunter has returned from a pleasant visit to friends in Northumberland and Richmond counties.

Mr. Armistead Christian, who has been visiting his sister, Mrs. P. J. Dempsey, left today for his home in New York.

Dr. Hugh McGuire and family have gone to the White Sulphur Springs to spend a short vacation.

Mr. R. W. Moore, of Fairfax, is at Niagara.

Mrs. W. F. Lambert has returned from a visit to Europe. Her sister, Mrs. Armistead, will remain in Europe some time longer.

Mr. Thomas Spinks, who spent the last two weeks in the Valley of Virginia, has returned.

Miss Mabel Lyons, of south Lee street, is seriously ill with typhoid fever at the Alexandria Hospital.

Miss Rhoda Cooke has gone to Baltimore to visit Miss La Cuyer and the Misses Schafer.

Miss Susie Harrington, of Baltimore, is visiting Mrs. McCuen on north Alfred street.

Mrs. Henry Fogus, of Charlotte, N. C., left yesterday for home after a pleasant visit to her aunt, Mrs. Thomas Moore, on Queen street.

Miss Anna Tennesson has returned home after a delightful visit to her friends in King George county.

Mr. and Mrs. Alfred Thomson have returned from Garrett Park, Md.

Miss Hattie Callis is visiting friends at Tenleytown.

Baseball.

Potomac	1	5	167

Today—Virginias vs. Potomacs.

The Alexandria Athletic Club has regained its last year's form and is playing the game as it ought to be played. On Saturday evening on the old fair grounds it played the Rockville team, the score being at the end of the tenth inning 2 to 2, neither side being able to score a victory. Rockville put up the best game played here this season. The pitching of Purcell was superb, he striking out 15 men, while the playing of Dougherty, Ellis and Kraft was as fine as any ball playing seen here in years. Tho official score stood:

ALEXANDRIA.	AB	R	H	PO	A	E
Kraft, c	4	0	1	2	1	0

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

Georgianna Lewis, colored, arrested by Officer Ferguson charged with stealing an umbrella from Thomas Gorham, was fined $5.

Harvey Hicks, arrested by Officers Patterson and Ferguson charged with disorderly conduct, forfeited his collateral by failing to appear.

Frederick Hicks, arrested by Officer Nicholson charged with assaulting Tony McSammon, was dismissed.

Albert Farmer, arrested by Officers Beach and Bettis for disorderly conduct, forfeited his collateral by failing to appear

A young white man, arrested by Officers Allen and Lyles charged with withholding money belonging to another person, was dismissed upon delivering up the same.

Albert Thomas, colored, arrested by Officers Ferguson and Patterson charged with disorderly conduct, was fined $5.

Viola Kennedy, arrested by Officer Beach charged with disorderly conduct, was dismissed.

Wesley Wallace, colored, arrested by Lieutenant Smith for disorderly conduct, was fined $5.

The New Ferry.

The new steamer now being built at the works of Harlan & Hollingsworth at Wilmington, Del., for the ferry service between this city and Washington, will be launched at high water Monday, August 28. As has been stated, the new steamer will be named the Woodbury, in honor of Mr. Levi Woodbury, the president of the Norfolk & Washington Steamboat Company. As yet Mr. Callahan, general manager of the Norfolk and Washington company, has not succeeded in securing a steamer for temporary service on the ferry route while the new steamers are building. Vitrified bricks are now being laid within the enclosure of the ferry wharf in this city.

Sick headache results from a disordered condition of the stomach and is quickly cured by Chamberlain's Stomach and Liver Tablets. For sale by Gibson & Timberman and W. F. Creighton & Co.

Aquatic Temptations.

The large houseboat anchored near Fort Foote, a short distance south of Alexandria, though lashed by the brief tempest of yesterday evening, rode out the storm as safely as did the ark of old. A number of smaller craft, in charge of amateur navigators, were not so lucky, and they were driven before the strong blasts, but no material damage resulted to any of them. The scenes of revelry in the first-named were unchecked by the elements, and small tugboats carried passengers to and fro during the day. It is said that an enterprising female who has long been well-known in Alexandria is having an aquatic piece of architecture constructed after the pattern of one belonging to the King of Siam, on which scenes incident to a Mahometan paradise will be in evidence. When this boat shall have been launched water nymphs and siren notes will increase the gaiety on the river already caused by floating Monte Carlos and the music on excursion steamers on Sundays.

Railway Improvements.

A section of the track of the Washington Southern Railway which skirts the western section of this city and passes in front of the Union depot now nearing completion at the head of King street, has been opened for service. The track will soon be completed all the way from the junction with the old line beyond West End, southwest of this city, to St. Asaph on the north, where it will intersect the double track now in operation between Alexandria and Washington. The depot of the Washington Southern at Fayette and Cameron streets, and the Southern Railway depot at Henry and Duke streets will, of course, cease to be used for their present purposes when the new line goes into active service and it is still said that the Henry and Fayette street tracks will be removed. Work on the approaches to the new depot, the platform, baggage section and other auxiliary structures is being rapidly pushed.

Surveys.

Engineers for the W., A. & F. C. Electric Railway are engaged in running lines from Rosslyn to the south end of the new highway bridge now being constructed across the Potomac, and it is understood that the company will run its cars into Washington over the new bridge instead of over the Aqueduct Bridge, as at first understood.

River Notes.

The barge Wicomico, from New York, in tow of the tugboat Defiance, arrived here yesterday with fertilizer to the Alexandria Fertilizer and Chemical Company.

The schooner Wild Flower, from the Rappahannock river with lumber to H. K. Field & Co., has arrived.

Poisons in Food.

Perhaps you don't realize that many pain poisons originate in your food, but some day may feel a twinge of dyspepsia that will convince you. Dr. King's New Life Pills are guaranteed to cure all sickness due to poisons of undigested food—or money back, 25c at E. S. Leadbeater & Sons drug store. Try them.

Dangerous and Uncertain.

For sunburn, tetter and all skin and scalp diseases, DeWitt's Witch Hazel Salve has no equal. It is a certain cure for blind, bleeding, itching and protruding piles. It will draw the fire out of a burn and heal without leaving a scar. Boils, old sores, carbuncles, etc., are quickly cured by the use of the genuine DeWitt's Witch Hazel Salve. Accept no substitute as they are often dangerous and uncertain. Sold by W. F. Creighton & Co., 401 King street.

Special Request.

We request all persons interested in the Alexandria Business College, but more particularly all prospective students and patronizing friends who are contemplating an attendance or a substantial sympathetic influence toward said college, to call, write or 'phone Mr. or Mrs. L. P. W. Stiehl, Proprietors Spencerian Business College, Academy of Music Building, corner of Ninth and D streets, N. W., Washington, D. C., for full information about both colleges and the especially favorable rates of tuition if investigated through communication before September 1, 1905.

AUCTION SALES.

By R. F. Knox, Auctioneer.

SALE OF A DESIRABLE DWELLING AND VALUABLE TRACT OF LAND IN FAIRFAX COUNTY.

Pursuant to the terms of a deed of trust bearing date on September 23, 1901, and recorded among the land records of the county of Fairfax, Virginia, in liber H, No. 6, folio 640, et seq., given by George W Riston to Thomas J. Fannon and Anthony W. Armstrong, the then Trustees of the Mercantile-Railway Building and Loan Association of Alexandria, Virginia, the undersigned, by direction of the board of directors of the said association, default having been made in the payment of the matter secured thereby, will offer for sale at public auction, on the premises, on

WEDNESDAY, AUGUST 16, 1905,

at 11 o'clock a. m., the following property, to-wit:

ALL THAT TRACT OF LAND WITH THE IMPROVEMENTS THEREON, located in Mount Vernon Magisterial District, Fairfax county, Virginia, containing 44¾ acres, more or less, and bounded and described as follows: Beginning at "A," a stone to be set in a swamp, corner to Peter Pulman's and in Potter's line; thence with Potter and the lines of the tract south 17° 12' west 26 poles to "B," a fallen forked red oak and saplings marked, facing on a north hill side, south 23° 54' west 82.8 poles to "U" in the centre of the New County Road in a line of the tract and corner to No. 4; with the centre of said road north 85° 33' west 55.6 poles to "P" in said centre and bearing south 37½° west 1.1 poles from corner post of post-and-rail fence, north 18° 17' west 70 poles to "M," where Pulman's line and a line of tract cross said centre of the New Road; thence with said line north 75° 51' east 122.7 poles to the beginning.

Terms of Sale: One-third cash and the balance in six and twelve months, deferred payments to bear interest at 6 per cent. per annum, title to be retained until all the purchase money is paid. Conveyancing at the cost of the purchaser.

THOMAS J. FANNON,
J. K. M. NORTON,
Trustees of the Mercantile-Railway Building and Loan Association of Alexandria, Virginia.

LEGAL NOTICES.

VIRGINIA.—In the Clerk's office of the Corporation Court of the City of Alexandria, on the 25th day of July, 1905.

Grace Parker Jennings vs. Joseph L. Jennings. } In Chancery.

Memo. The object of this suit is to obtain a decree divorcing the complainant, Grace Parker Jennings, a vinculo matrimonii, from the defendant, Joseph L. Jennings, and awarding the care and custody of their infant child, Harry Parker Jennings, to the said complainant, and for general relief.

It appearing by an affidavit filed in this cause that the defendant, Joseph L. Jennings, is a non-resident of this State: It is ORDERED, That said defendant appear here within fifteen days after due publication of this order, and do what is necessary to protect his interest in this suit, and that a copy of this order be forthwith inserted in the Alexandria Gazette, a newspaper published in the City of Alexandria, once a week for four successive weeks, and posted at the front door of the Court House of this city.

MONDAY EVENING, AUG. 14, 1905.

How the Tibetans Dress.

Lay and cleric alike, the inhabitants of Lassa are entirely similar to those of the rest of Tibet. There is indeed but one difference even in the dress. In one province through which we passed the women use a turquoise studded halo as a headdress. In Lassa a fillet ornamented in the same way is bound close down over their hair, fluffed out on either side, and falls down over the shoulders. It is one of the most becoming ways of doing the hair that I have ever seen, and for a certain type the entire dress of a woman of Lassa would be a becoming costume for a fancy dress ball at home. The dress of the men and the women is very similar. There is a single undergarment and one heavy native cloth robe, dun or crimson in color, and usually patched, which both sexes pull in around the waist with a girdle, the men pouching it at the waist to form the only pocket that they use.—World's Work.

Earthquakes.

Earthquakes generally do their work with great rapidity, but there are exceptions. While Caracas and Lisbon were destroyed in a few minutes, the Calabrian earthquakes beginning in 1783 lasted four years. Earthquakes travel across the earth at velocities varying between several hundred and several thousand feet a second, the greater the intensity of the shock the greater being the velocity. The sea waves that frequently accompany earthquakes also travel at tremendous speeds. A submarine earthquake near the coast of Japan in 1854 gave rise to sea waves which traversed the whole breadth of the Pacific at the rate of 370 miles an hour. At Simoda, Japan, the waves from this earthquake were thirty feet high. At San Diego, Cal., they were only six inches high.

A Persistent Fighter.

The measures of Wilberforce in the British house of commons for the abolishing of the British slave trade had a hard struggle before they finally prevailed. On Feb. 15, 1805, Wilberforce moved "without entering into any argument" for a bill to abolish the slave trade after a limited time and for a committee to consider its propriety. He had been introducing such a bill almost every year for fifteen years, although his twelve resolutions against the traffic were carried in 1789 without a division. But year after year the bill came to wreck, either in the house of lords or the commons, suffering defeat in 1796 because several of its supporters had gone to see a new comic opera. It was doomed to disaster again in 1805, but finally triumphed in 1807.

The Mexican Bridegroom.

The bridegroom in Mexico finds marriage a very costly business. He is expected to buy the trousseau, and he is fortunate if he can satisfy the extravagance sanctioned by custom and prompted by ardent passion. Young men from the country are said to be often seen in the City of Mexico purchasing all sorts of finery for the ladies of their choice, and the spectacle they present as they consult the measurements, which they carry with them for all sorts of garments, is very amusing.

Odd Geographical Division.

The range of the Blue Ridge mountains in Pennsylvania is divided by a river every twenty-seven miles, as follows: From the Susquehanna to the Swatara, 27 miles; from the Swatara to the Schuylkill, 27 miles; from the Schuylkill to the Lehigh, 27 miles; from the Lehigh to the Delaware, 27 miles. At the next 27 miles is a hollow of New Jersey in which nestles a lake known as Culver's pond.

Had Read About Him.

"Now, boys," said the Sunday school teacher, addressing the juvenile class, "can any of you tell me anything about Good Friday?"

"Yes, ma'am, I can," replied the boy at the foot of the class. "He was the fellow what done the housework for Robinson Crusoe."

Good Reason.

Miss Ascum—I've often wondered, Mr. Rymes, why you poets always speak of the moon as "silver." Mr. Rymes—Well—er—I suppose it's because of the quarters and halves.—Philadelphia Press.

Polite.

Miss De Style—You say Golddust is an awfully polite fellow? Miss Gunbusta—Yes, indeed. Why, when he saw Miss Gotrox's standing in society he offered her his country seat.

There would not be so many open mouths if there were not so many open ears.—Bishop Hall.

Agonizing Burns
are instantly relieved, and perfectly healed by Bucklen's Arnica Salve. C. Rivenbark, jr., of Norfolk, Va., writes: "I burnt my knee dreadfully; that it blistered all over. Bucklen's Arnica Salve stopped the pain, and healed it without a scar." Also heals all wounds and sores. 25c at E. S. Leadbeater & Sons druggists.

Colic and Diarrhoea—A Remedy that is Prompt and Pleasant.
The prompt results produced by Chamberlain's Colic, Cholera and Diarrhoea Remedy together with its pleasant taste have won for it a place in many households. Mr. W. T. Taylor, a merchant of Winslow, Ala., writes: "I have used Chamberlain's Colic, Cholera and Diarrhoea Remedy myself and also with men on my place, for diarrhoea and colic and it always gives relief promptly and pleasantly." For sale by Gibson and Timberman and W. F. Creighton & Co.

Take Kodol After Eating.

JEWELRY.

Rings for Everybody.
No matter what sort of ring you prefer you can surely select one to please your taste from among the trayfulls of rings we have here. We have a fine selection of signet rings in the latest and most favored designs and a large variety of handsome singlestone rings at popular prices, as well as a rich showing of the more elaborate and more expensive ones. And, besides, we can show you the handsomest line of watch chains and fobs that have ever been seen here. They are the Simmons make, which, as about everyone knows, are the standard of chain and fob quality in this country.

H. W. Wildt & Son
JEWELERS,
106 NORTH ROYAL STREET

New York Tribune Farmer
The Tribune Farmer has no superior anywhere as a publication for farmers and their families. Everything worth knowing about the theory or practice of farming is treated by men recognized as experts in their various lines. It keeps the farmer in touch with all the latest improvement by text and pictures, and pays special attention to the work being done at agricultural colleges all over the country. Besides all this it has features to interest the women folk. The price is $1 a year. For a free sample copy send a postal card to the New-York Tribune, New-York.

N. Y. Tribune Almanac.
If you never examined The Tribune Almanac just invest a quarter for once, and see how well pleased you'll be. The 1906 one will be on sale January 1, and may be had from your newsdealer, through your local paper or direct from The Tribune office, New York.
